## EXPERIENCE

### FIS Global | Design and Usability Analyst Specialist

Apr 2024 to Present, Pune

At FIS, I transform complex financial concepts into intuitive user experiences, leading user research and prototype development for Capital Markets products. My efforts enhance collaboration within our UX Center of Excellence, ensuring our designs are both accessible and user-centric.

### VMware | Product Designer III

Mar 2022 to Dec 2023, Pune

Led UX initiatives for VMware's ClearSky and VDP, delivering optimal user experiences through high-fidelity mockups and effective prototypes. Collaborated with cross-functional teams to enhance product design across the board.

### Tata Consultancy Services | Sr. Ux Designer

Aug 2016 to Mar 2022 ( 5.7 years ), Hinjewadi Pune

Crafted user-centered designs for TCS enterprise clients like Carnival Corp. and Enterprise Holdings, enhancing UX through global research and a comprehensive design system. Led workshops and training to elevate design standards across the organization.

## PROJECTS

### VMware Developer Platform & ClearSky

2022 to 2023, Pune

Led the design of VMware's VDP and ClearSky SaaS apps, delivering VDP in record time for efficient cloud deployment and enhancing ClearSky UX to provide a comprehensive, user-friendly view of hybrid cloud environments.

### Carnival and EHI | Web Applications

2018 to 2022, TCS Interactive

Directed digital transformation for Carnival Corp and Enterprise Holdings at TCS Interactive, managing a team of designers to develop user-centric applications in collaboration with clients and developers.

### Ultimatix Redesign | Enterprise

2017 to 2019, TCS

Led the redesign of Ultimatix, serving 400,000+ TCS employees with enhanced usability across 200+ applications, incorporating comprehensive user research and evaluations to develop a consistent design system.

## EDUCATION

### IDC School of Design, IIT Bombay
